Assistant Commissioner for Patents,

Sir:

Responsive to the Notice dated September 13, 2002, there is submitted herewith, a copy of the Sequence Listing in computer readable form as required by 37 CFR 1.821(e).

Applicants note that the submitted computer readable Sequence Listing is the same as that previously submitted with Applicants' response of June 28, 2002. Applicants presume that the diskette was lost by the Patent Office and have thus submitted another computer readable copy.

Applicants also note that the enclosed computer readable Sequence Listing contains the identical sequences appearing in the original application papers and thus no new matter has been added. Further, it should also be noted that the content of the present computer readable copy is the same as that of the paper copy submitted with our response of June 28, 2002.

A copy of the Notice is also attached as required.

In view of the foregoing, it is believed that each requirement set forth in the Notice has been satisfied, and that the application is now in compliance with the sequence rules under 37 CFR 1.821-1.825. Accordingly, favorable examination on the merits is respectfully requested.

Respectfully submitted,

Seishi KATO et al.
